## FINAL HOURS ARE REAL BUSY ONES

School Officials in Charge of Tour-  
nament Swamped With Work as  
Games Draw Near

### FIRST ON TOMORROW NIGHT

People Respond Liberally With  
Rooms But More Can Be Used  
—Tickets on Sale Now

A. M. Taylor and A. H. Sutton  
school officials who are taking a  
leading part in the district tourna-  
ment here for Thursday night, Fri-  
day and Saturday, are busy every  
minute in the day now in getting  
the final details for the tourney  
completed.

Every mail brings inquiries from  
visiting schools, which will be 21  
number, and these inquiries must  
be answered at once. Each school is  
sending a list of the number of re-  
visions that they will need, and  
indications are that the seat-  
ing capacity of the gymnasium will  
be taxed to its limit in order to sup-  
ply the demand.

Milroy sent money this morning  
77 tickets and this number will  
be more than likely be tripled before  
the games begin. Connersville also  
made a big reservation as they  
have strong hopes for their team in  
the tourney.

People of Rushville have con-  
templated very willingly to rent out  
rooms for sleeping purposes for the  
visiting fans, and the telephone at  
the school building is in use almost  
constantly by people wishing infor-  
mation and also to list their rooms  
rent.

Hundreds of people, and not all  
them high school students either,  
will be here for the entire seven  
days, the first of which begins  
tomorrow night. Many of these peo-  
ple, coming from a distance will be  
tempted to remain here over night  
and will play liberally for the use of  
rooms in private homes.

The season tickets were placed on  
the table today and were selling rapidly.  
Holders of these tickets will be given  
preference in obtaining admission  
to the games, but single admission  
tickets will also be sold for each of  
the 20 games that will be played.

Dopers are busy figuring out  
the winner. The winner varies ac-  
cording to the dope between mostly  
local county teams.

## NO DOUBT OF SPRING BEING ON JOB TODAY

Proverbial "First Robin" is Seen by  
Four People in Different Parts  
of Rushville

### SPRING "FEEL" IN THE AIR

There was little doubt about  
spring being here today. The air  
brought the feeling of springtime and  
suggested the proverbial "first robin".  
The "first robin" story reporter  
collected to get the exact minute  
when, and whether or not more than  
one robin has had the nerve to ven-  
ture so far north at this time will  
probably never be known.

In any event, there must be a  
sign in town because the character  
of the witnesses who are willing to  
swear they saw a robin can not be  
disputed. Previous to this time  
any persons have imagined they  
saw a robin sing, but definite evi-  
dence was lacking because the bird  
was not actually seen.

If the robin was fooled, a lot of  
people will be disappointed, because  
they feel the "pull" of spring and  
in the rainy days to come to  
find if the robin is right, the  
weather was wrong, and one of  
the signs will have to go by default.  
Spring was here today.  
Only the weather man can con-  
firm the fact.

## FEW CONTAGIOUS DISEASES

Not Many Being Reported For The  
Month of March

The month of March is getting a  
slow start on the contagious disease  
record book of Rushville, according  
to Dr. J. B. Kinsinger, city health  
officer. Only a few cases have been  
reported for the first three days.  
One new case, L. B. Miller, 412  
North Perkins street, was reported  
this morning as having influenza,  
and Margaret McDonald of West  
Jennings street was reported to have  
a case of chickenpox. There are no  
new cases of smallpox since the one  
reported a week ago.

## MANY THINK PHONE RATES WILL GO UP

Confusion Exists Because of In-  
crease in Fixed Charges An-  
nounced by State Commission

### PENALTY MAY BE ENFORCED

Some confusion exists in the  
minds of many patrons of the Rush-  
ville Co-operative Telephone com-  
pany as the result of the story in the  
Daily Republican last Saturday eve-  
ning, regarding increases in the  
continuance of service connection,  
move and change of name charges.

Many subscribers have called the  
telephone office to inquire if the tel-  
ephone rates are to be advanced April  
1. The story in question said noth-  
ing about rates going up but re-  
ferred only to charges as mentioned  
above, which have been ordered by  
the state public service commission  
for all telephone companies doing an  
annual gross business of \$10,000 or  
more. The rates for the use of tel-  
ephones on the Rushville system re-  
main the same, even though they are  
much lower than the rates in any  
surrounding city.

It was also announced today that  
if city patrons did not pay their  
monthly telephone bills more  
promptly, the penalty of fifteen  
cents for failure to pay between the  
first and the twelfth of the month,  
would be rigidly enforced. This is  
one of the published rules of the  
company, permitted by the state  
commission, and may be followed to  
the letter if the company chooses.

## ACCOUNT SUIT ENDS ABRUPTLY IN COURT

Case of Vaughn Vs Fleener is Dis-  
missed After Evidence is All  
Heard

### PROBABLY WILL BE REFILED

A case that was being tried this  
morning in circuit court, of the  
Vaughn Seed company against Geo.  
F. Fleener, came to an abrupt close  
after the evidence was heard and  
the argument started. The plaintiff  
dismissed the case and will proba-  
bly file a new suit.

The Vaughn Seed company filed  
the suit to collect on an account,  
which they alleged is due them.  
Fleener formerly owned a green-  
house in East 11th street. The evi-  
dence was heard this morning and  
one side had presented the argu-  
ment to the jury, when the plaintiff  
dismissed the case, expressing the  
opinion that a similar case would  
be refilled.

In the case scheduled for yester-  
day, sent here from Shelby county,  
of Holmes vs Continental Auto  
company, the plaintiff asked for a  
continuance, and the motion was  
overruled. The case was then dis-  
missed by the plaintiff.

## EDUCATIONAL WEEK RETURNS MUST BE IS NEXT CAMPAIGN FINISHED MAR. 15

March 7—14 Has Been Set Aside by  
Governor Goodrich to Promote  
Educational Work

### PROGRAM IS ARRANGED.

Many Different Things Are Sugges-  
ted in Way of Taking Part Lo-  
cally in Campaign

The week of March 7—14 is to be  
"Educational Week" in Indiana.  
This decision has been reached by  
the "Emergency Committee on Ed-  
ucation" of Indiana; and plans are  
under way for a great educational  
campaign to be conducted during  
that week, the purpose of which is  
to arouse the citizens of Indiana to  
the urgent necessity for immediate  
action in the interests of the public  
schools.

Special stress will be laid on Ed-  
ucational Week in Rushville, it was  
announced today by Superintendent  
J. H. Scholl. Programs will be held  
at the high school to emphasize  
upon the pupils the value of teach-  
ing as a profession, and every ef-  
fort will be made to work to the aim  
of the week's observance—increase  
the efficiency of the public school  
in Indiana.

Supt. Scholl will address the high  
school next Monday regarding the  
advantages of being a teacher. He  
will question the optimistic side of  
the question and show the students,  
many of whom may be teachers,  
that the profession has a bright fu-  
ture. He will attempt to offset the  
common tendency to belittle the  
profession because the salaries of  
school teachers have not advanced  
in proportion with the salaries of  
other workers.

Another feature of the week will  
be messages from graduates of the  
Rushville high school who are teach-  
ing, and from former high school  
instructors who have stuck to the  
profession and are engaged else-  
where.

The executive committee in charge  
of Educational Week is composed of  
M. E. Foley, chairman; L. N. Hines,  
state superintendent of public in-  
struction; and O. H. Williams, su-  
pervisor of teachers' training. This  
committee has announced the ap-  
pointment of a number of sub-com-  
mittees to be entrusted with the spe-  
cial phases of the work.

A tentative program for Educa-  
tional Week, prepared by the com-  
mittee, follows:

Teachers' Sunday—March 7—A  
simple direct appeal from the pulpit  
for a whole-hearted recognition and  
appreciation of the teachers in their  
work.

Teachers' Day during the week,  
set apart and observed by all civic,  
commercial, social and educational  
bodies, in free, open, frank discus-  
sion of the situation—its causes and  
remedies.

Convocation day, in behalf of  
teaching, in every high school, col-  
lege, and university of the state. A  
direct, effective appeal by an out-  
side speaker to young people to  
consider anew the profession of  
teaching.

Public mass meeting for educa-  
tion—Sunday afternoon, March 14,  
—a general assembly of the people  
in all cities and towns in the state  
for considering ways and means of  
promoting a program in behalf of  
all educational work.

The Indiana state chamber of  
commerce, a pioneer in the state-  
wide movement, which seeks to in-  
crease the efficiency of the public  
schools in the state, has pledged its  
hearty support to the "Educational  
Week" program.

### SELLS PROPERTY BUYS

Morris Winship has sold his prop-  
erty, 306 East Fifth street, to Wal-  
lace Morgan, 1014 North Harrison  
street, and has bought property at  
311 East Sixth street of Nancy Gra-  
ham. The house is now occupied by  
Mr. and Mrs. August Kraz, who are  
remodeling property on North Main  
street, which they bought. They for-  
merly owned and sold to Ray  
Common a few months ago. Mr.  
Common in turn sold the house to  
Mr. Graham.

Extensions Will be Granted to In-  
come Taxpayers Only in Specific  
Cases

### TAX MAY BE PAID IN FULL

Where Return is Willfully False, The  
Penalty is a Fine of Not More  
Than \$10,000

Complete returns, both of individ-  
uals and corporations, must be in  
the hands of collectors of internal  
revenue on or before March 15, ac-  
cording to an announcement re-  
ceived here. Extensions will be granted  
only in specific cases where ur-  
gent need for additional time in pre-  
paring the returns is shown.

Last year, if for good and suf-  
ficient reasons it was found impos-  
sible to complete a return by March  
15, corporations and individuals  
were permitted to file on or before  
that date a tentative return and  
were given an extension of 45 days  
in which to file a complete return.  
Conditions which justified such ex-  
tensions do not exist this year.

Where additional time is actually  
required, because of illness or ab-  
sence, the collector of internal re-  
venue may grant an extension of not  
to exceed 30 days upon written ap-  
plication therefore made before the  
return is due. If before the end of  
the 30-day extension an accurate  
return can not be made, an appeal  
for further extension must be made  
to the Commissioner of Internal Re-  
venue, with a full recital of the  
causes for the delay. The commis-  
sioner will not grant an additional  
extension without a clear showing  
that a complete return can not be  
made at the end of the 30-day pe-  
riod.

The tax may be paid in full at the  
time of filing the return or in four  
installments, the first of which must  
accompany the filing of the return.  
The subsequent installments are due  
on or before June 15, on or before  
September 15, and on or before De-  
cember 15.

If the return is not filed within the  
time specified, the taxpayer is sub-  
ject to a penalty of \$1,000 and to an  
additional assessment of 25 percent  
of the amount of tax due.

The return should be sent to the  
collector of internal revenue for the  
district in which the taxpayer has  
his residence or principal place of  
business.

When a person required to make  
a return is unable to do so because  
of illness, minority, absence, or non-  
residence, it may be done by an agent  
having sufficient knowledge of  
such persons' affairs to enable him  
to make a complete and true return.

Payment may be made in cash,  
bank check, or draft. Collectors will  
receive uncertified checks, and the  
tax will be considered paid as of the  
date the check was received, pro-  
vided it is not later dishonored. If a  
check is not paid upon presentation,  
liability for the tax and all penalties  
are revived.

Where a return is willfully false  
or fraudulent or contains false or  
fraudulent statements made with in-  
tent to evade the tax, the penalty is  
a fine of not more than \$10,000 or  
imprisonment for not more than one  
year, or both, together with an ad-  
ditional assessment of 50 percent of  
the amount of tax evaded. Where  
the understatement is due to negli-  
gence without intent to defraud, the  
penalty is 5 per cent of the amount  
of the deficiency, plus interest at the  
rate of 1 per cent per month on such  
amount from the time when it is  
payable. If the return is made in  
good faith and an understatement is  
made without any fault of the tax-  
payer, there is no penalty, but the  
tax will be increased to the proper  
amount.

Taxpayers are urged by the bur-  
eau of internal revenue not to delay  
in the filing of returns and to pay  
taxes in as few installments as pos-  
sible. During the closing days of the  
period for filing returns, collectors of  
internal revenue are overwhelmed  
with the work and can not devote as  
much time as is desired to the in-  
struction and assistance of taxpay-  
ers in completing their returns bet-  
ter and with the avoidance of prob-  
able later difficulties.

## WILSON TAKES AUTO RIDE

Appears in Public For First Time  
Today Since Last October

(By United Press.)

Washington, Mar. 3.—For the  
first time since early last October,  
Pres. Wilson today motored through  
the streets of Washington. Riding  
in a closed car accompanied by  
Mrs. Wilson and Dr. Grayson, the  
president traversed the boulevard  
along the Potomac, and then went  
down Pennsylvania Avenue and cir-  
cled the capitol. Only a few persons  
saw him. Those who did doffed their  
hats. There were some outbursts of  
cheering when he passed down the  
streets.

Immediately upon arriving at the  
white house, Dr. Grayson found the  
patient's blood pressure normal.

## ALLIED ATTITUDE IS MORE LIBERAL

Council of Premiers Emphasizes  
That Germany Must Be Re-  
stored Economically

### SOFTER CODE FOR RUSSIA

(By United Press.)

London, Mar. 3.—Prime Minister  
Lloyd-George's plan for a more lib-  
eral attitude toward Germany, both  
in enforcement of the treaty of Ver-  
sailles and in the commercial rehabili-  
tation of the German nation has  
begun to bear fruit.

The council of premiers, it was  
understood, have prepared a state-  
ment based on the deliberations of  
the economic section, which empha-  
sizes that Germany must be restored  
at least economically.

A softer code to the Russian soviet  
government permitting more nego-  
tiations, also was forecast.

The council's deliberations tend  
constantly toward eventual recogni-  
tion of the soviet government.

Turkey will be shorn of most of  
her pre-war power and her popula-  
tion cut four-fifths, under the terms  
of the treaty of peace between the  
allied powers and the Turkish gov-  
ernment, now under discussion in  
the conferences of the council of  
premiers.

The council has decided to abolish  
the Turk navy, leaving the Turks  
only a few small ships for police  
purposes, it was announced official-  
ly.

## HEARINGS DEVELOP INTO A ROW TODAY

Representative of World War Vet-  
erans Says D'Olier's State-  
ments Are Erroneous

### BONUS QUESTION DISCUSSED

(By United Press.)

Washington, Mar. 3.—Hearings on  
soldier aid legislation came near  
breaking up in a fight today. Critic-  
ism of the American Legion, by  
Edward Hale, legislative representa-  
tive of the World War Veterans,  
caused a storm of debate before the  
house ways and means committee.

Hale claimed that statements of  
Franklin D'Olier, national command-  
er of the American Legion, yester-  
day, were entirely erroneous.

Rep. Hull, Tennessee, declared  
that granting a bonus would im-  
pose severe burdens on the taxpay-  
ers and said it would also increase  
the cost of living.

Hale claimed that many service  
men were out of work, but Rep.  
Green of Iowa declared this was not  
true in the farming districts of the  
midwest.

The revenue for the bonus could  
be raised by income taxes, Hale said.

### MARY GETS A DIVORCE

Garson, Nev., Mar. 3.—Mary  
Pickford Moore was divorced  
from Owen Moore of Douglas county,  
Nevada. It was learned here to-  
day that Mary has been living on a  
ranch since February 1st, and that  
although it was not generally  
known, she was in Nevada.

## IS NOTIFIED OF A PAYMENT PLAN

Postoffice Receives Circular Ex-  
plaining How to Buy Treas-  
ury Savings Certificates

### INSTALLMENT PLAN IS USED

In Denominations of \$100 and \$1-  
000 and Can Not Depreciate  
in Value—Can be Redeemed

The local postoffice has received  
circulars from the government sav-  
ings organization with headquar-  
ters in Chicago explaining the treas-  
ury saving certificates, their value  
and the installment plan by which  
they may be paid. Anyone desiring  
more definite information may ob-  
tain it from the Rushville postoffice  
or from the organization headquar-  
ters, 105 West Monroe street, Chi-  
cago, Ill.

The government is desirous that  
the people establish some definite  
plan of savings for the ensuing year.  
They request the people to set a goal  
to determine how much of their 1920  
income they can save and then place  
their order for a definite amount of  
War Savings Stamps or treasury  
certificates. The people may obtain  
these through the local postoffice or  
the banks.

The treasury savings certificates  
are in denominations of \$100 and  
\$1,000. There are six very good rea-  
sons why people should invest their  
savings in these certificates, as fol-  
lows: They cannot depreciate in  
value; they bear 4.27 per cent in-  
terest if held until maturity, Jan-  
uary 1, 1925; they can be redeemed  
before maturity with accrued in-  
terest of 3 per cent; they are al-  
ways worth more than you pay for  
them; they are registered in the  
name of the purchaser, which pro-  
tects your investment from loss, fire  
and theft; and they can be pur-  
chased for cash or on the install-  
ment plan.

The United States government  
has provided for the purchase of  
these certificates on the partial pay-  
ment plan through the postoffice de-  
partment. Under this plan a person  
may order two War Savings Stamps  
each month for ten months, at the  
end of which time he may convert  
the twenty stamp into a \$100 certi-  
ficate. Under this arrangement one  
can purchase stamps at any post-  
office or give a mail carrier an or-  
der to deliver the stamps on certain  
dates.

Banking institutions have also  
provided a partial payment plan by  
which the purchasers enter into a  
systematic savings agreement. Under  
this plan, payments of \$2 may  
be made weekly, \$4 semi-monthly or  
\$8 monthly. Upon the completion of  
payments the banks agree to deliver  
to the purchasers the certificate  
together with a \$1 savings account  
for each \$100 certificates purchas-  
ed. The purchase price of the cer-  
tificates, if the final payment is  
made in September, is \$84, and the  
price advances twenty cents each  
month with the final payments oc-  
curring in the three subsequent  
months.

The purchase price of the War  
Savings Stamps for the month of  
March is quoted at \$1.14. The Thrift  
Stamps are still on sale for twenty-  
five cents each. There is no tax  
on any of these investments.

### NOMINATES BENSON

Washington, Mar. 3.—Pres. Wil-

## INSTRUCTIONS FOR A REVOLUTION HERE

Washington, Mar. 3.—Instructions for organization of a bolshevik revolution in the United States and diamonds valued at 3,000,000 rubles were found on a captured soviet courier bound from Moscow to New York, according to state department documents read today

the senate committee investigating Russian propaganda.

The courier was captured at Riga carrying the jewels, American propaganda, instructions and private messages to Russians in this country, according to the documents.

Ludwig Martens, soviet agent here denied knowledge of the messenger. The courier's papers included a message to American revolutionaries, according to the report from the American commissioner at Riga.

THREE WAYS TO LOSE  
SALVATION ARE SHOWN

"The Startling Question" is Subject  
of Sermon at First Presby-  
terian Church Services.

SPECIAL MUSICAL PROGRAM

Another fine congregation gathered  
last evening in the First Pres-  
byterian church and the first forty  
minutes was given up to the chorus:  
solos, duets and choruses being ren-  
dered very much to the satisfaction  
of those present. "The Startling  
Question," considered in the mes-  
sage of the evening, was suggested  
by the text, "How shall we escape  
if we neglect so great salvation?"

The greatness of the salvation  
was first emphasized; among other  
things it being shown to be of God,  
through the sacrifice of Jesus Christ  
and unto the presenting of many  
sons unto glory. Three ways of los-  
ing it were shown to be suggested  
in the book from which the text was  
taken, "Treading under foot the  
Son of God," "Turning away from  
God that warneth from heaven" and  
"Neglecting." Attention was called  
to the fact that neglect always re-  
sulted in loss, and the greatest,  
most important interest in life, one's  
salvation, could suffer irreparable  
loss just through neglect.

Tonight's sermon will be on "Ka-  
desh-Barnea." Unquestionably one  
of the strongest features of the  
meetings is the singing of Mr. and  
Mrs. George. Every one of their  
duets has gone right home to the  
heart and left its message of truth.  
This evening they are expecting to  
sing, "The Sparrow Song" set to  
music especially for them. The days  
of these meetings are numbered as  
they close Sunday.

# BRILLIANT MINISTER VICTIM OF INFLUENZA

**Rev. Dudley B. Ashford, Noted Preacher and Lecturer, Well Known On Three Continents, Was Ordered to Give Up Work.**

Reverend Dudley B. Ashford is an extraordinary man. Although still on the sunny side of forty, he has rendered more service to humanity in a few years than most men accomplish in a life-time.

Soon after his graduation from Wesley College, London, England, he was ordained minister at the famous Court Congregational church, London. A short time thereafter he was selected to present the cause of negro Reform and African Missions before the people of Norway, and he was greeted with such success that he was greeted by enormous crowds at every meeting.

In 1908, under the auspices of the Colonial Missionary Society, he was sent to New Zealand and for three years labored as a missionary among the Maoris, where his experiences were novel and thrilling.

In 1916 he returned to England and served for three years at Wood Street Congregational Church, Cardiff, South Wales the biggest Congregational church in the British Empire. It was while here that he fell victim of the early victims of the great influenza epidemic, an attack from which he had not fully recovered when he accepted a call to the Queen's Road Congregational church, John's Newfoundland, where his careful preaching soon attracted large congregations.

The strain of this work upon his weakened constitution proved too great and he suffered a nervous breakdown, from which now, however, he has completely recovered. Moved by a desire to serve his fellowmen he has recently written a letter that tells how he was restored to health and strength.

**Moved By Gratitude.**  
This letter, addressed to The Tanlac Co., Atlanta, Ga., is an eloquent expression of gratitude and is as follows:

"Gentlemen: Your medicine, known as 'Tanlac,' has been such an estimable blessing to me, that I am constrained to write and tell you so. In October, 1918, while a minister of the Wood Street Congregational church, Cardiff, South Wales I had a severe attack of Spanish influenza, from the effects of which I never fully recovered. I lost eighty-eight pounds in weight and was unable to recover my usual energy.

"Then, in February, 1919, I became the minister of the Queen's Road Congregational church at St. John's Newfoundland. My ministry was attended with great success, but the strain proved too great for

Rev. Dudley B. Ashford, Noted Preacher, Lecturer and Missionary.

me and I had a serious breakdown. My nerves seemed to go all to pieces and my digestion became so deranged that I could eat scarcely anything. My heart gave me a lot of trouble; it was an effort to walk upstairs and at night I used to lie awake in continual dread lest my heart should stop beating altogether.

"Then, as a result of exposure one winter's night in a small boat, while in the execution of my duties, I was seized with violent pains in the right shoulder and arm, which nearly drove me to distraction. I consulted doctors and specialists and underwent massage and electrical treatment, without getting much relief. I was ordered to give up all preaching and public work for at least three months, and I began to fear that my health was permanently affected.

"I had always been rather skeptical of the testimonials, concerning the merits of any medicine, but one day I read the statement of a man whose symptoms seemed to be identical with my own, and his praise of Tanlac rang so true I decided to give it a trial myself. I bought a bottle and its effect was almost immediate. My nervous condition began to disappear and I began to get sleep at night. My appetite so increased that I could scarcely satisfy it, and I found myself putting on weight rapidly. By the time I had taken the fourth bottle, the pains in my arm and shoulder disappeared and I am feeling better today than for a long time past.

"I feel that I should be guilty of base ingratitude if I did not write and tell you what a boon Tanlac has been to me, and I give you this unsolicited testimonial to use as you may think best, in the hope that others may find in your wonderful medicine the means to restored health and strength."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manila by Geo. J. Inlow; and Arlington by Mrs. L. T. Davis.—(Adv.)

## OUTLOOK IN THIS STATE DISCUSSED

**Watson, New, Chairman Hays and John Owens Hold Meeting in Washington Tuesday**

**DETAILS NOT MADE PUBLIC.**

**Approaching Indiana Campaign is Subject Under Discussion at Political Conflab.**

Washington, Mar. 3—A diary graph probably would have told a good story had there been one of these detective devices in Senator Watson's office when Senator Watson, Senator New, National Chairman Hays and John Owen, the Watson campaign manager, spent five hours in discussing Indiana politics. As it is, there isn't much to tell because those present would discuss no details when they left the conference. It is known that the subject was of such interest to the four conferees that instead of dispersing for lunch they had lunch brought to the office and continued to talk as they ate.

It is said there was no discussion of either the Indiana gubernatorial or presidential primary, but that everything discussed had a bearing on November. It is possible that the matter of a platform received some attention during this long discussion, though this is largely speculation.

"We discussed many subjects pertaining to the approaching Indiana campaign, and discussed them fully," said Senator New, but he said frankly that he was not at liberty to announce any details.

Senator New is much interested in Senator Watson's campaign for reelection. He said before that he is more interested in his colleague's success at the polls than that of any one else. He is pleased that Watson's renomination is to come without opposition and expresses confidence that his colleague can again win over Thomas Taggart or any other Democrat who becomes the opposition nominee.

National Chairman Hays naturally is interested in Republican success in his home state as well as in the nation at large. He probably will be much interested in the Indiana platform in view of the fact that the Indiana state convention will be held only three weeks in advance of the national convention.

"We discussed everything that would be expected when three or four Indiana Republicans get together," said Senator Watson, adding that the conference was in the interest of Republican success in November.

Mr. Hays departed last night for Louisville, where he will attend the Kentucky Republican convention today, and Mr. Owen started for Indianapolis.

Senator Watson only yesterday mailed an authorization for his name to go on the Indiana primary ballot. He had overlooked this requirement until he received a long distance message from his brother, Charles Watson, at Indianapolis. The authorization was to be filed today with the Watson petitions.

## MRS. JAMES COONEY DIES

**Former Falmouth Resident Expires in Indianapolis—Burial Here**

Mrs. Anna Cooney, 1435 East Market Street, Indianapolis, and a former resident of Rush county, living in the Falmouth neighborhood, expired yesterday morning, after a several days illness. She was the wife of James Cooney, and is extremely well known in the northern part of the county. The funeral services will be conducted tomorrow morning at a Catholic church in Indianapolis, and the funeral procession will drive to this city for burial in the Calvary cemetery, arriving here about noon.

## PROHIBITION QUESTION MAY BECOME AN ISSUE

**Political Parties May Change From Peace Treaty Issue to That of The Liquor Element.**

**MANY DON'T WANT TREATY.**

Washington, Mar. 3—Prohibition enforcement may overshadow the treaty if it becomes an issue of the presidential campaign, according to the development of the last few days in the political situation.

If it becomes increasingly evident that the senate is not likely to take final action on the treaty, and that the treaty issued will be thrown into the campaign. There is an apparent movement to dwarf it by injecting prohibition into the fight.

This move is believed to have been backed by some politicians who do not want the treaty as a paramount issue in November.

**ODD FELLOWS NOTICE**  
Franklin Lodge No. 35 will have the second degree Wednesday evening, with three candidates. A good attendance is desired.

## DON'T FUSS WITH MUSTARD PLASTERS!

**Musterole Works Without the Blister—Easier, Quicker**

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

# Scores Of People Have Found Trutona Unfailing As Preventive Of "Flu"

Statements Furnish Unquestionable Proof. enza," Mrs. Sears Declares—Many Similar "This Medicine Saved Me From Having Influenza."

Since reaching the definite conclusion that as yet no cure for influenza has been found, health authorities are practically unanimous in their opinion that PREVENTION is the one best means for stamping out the dreaded disease.

As to the best means of insuring effective prevention the answer is to be found in Surgeon General Blue's recent statement in which he says, "It is important that the body be kept strong and able to fight off disease germs."

Public statements from scores of people have proven that there is no better agency for providing body strength and vitality to withstand attacks of disease than Trutona. Many will remember the remarkable work done by Trutona last year when in innumerable cases, serious after-effects of influenza were quickly overcome by the perfect tonic. In only a slightly lesser measure has Trutona been declared to have prevented attacks of the malady.

ONE OF THE MANY CASES  
Mrs. Josephine Sears, 2803 Port-

land avenue, Louisville, after gratefully describing the many remarkable benefits she gained from Trutona, says: "I really believe this medicine saved me from having influenza."

There are scores of other similar statements, too numerous to mention, and they prove conclusively that Trutona is truly a remarkable agency for the prevention of influenza as well as an unequalled reconstructive tonic for overcoming bad after-effects of the disease.

Trutona's healthful action reaches every portion of the body. Performing its work faithfully and efficiently, Trutona rebuilds diseased nerves and tissues, creates a healthy appetite and assists in digestion and assimilation of food, the results of which are invariably to be seen in the ruddy cheeks and sparkling eyes of those who have taken the perfect tonic.

Don't take a chance—take Trutona!

Trutona is sold in Rushville at Hargrove and Mullin Drug Store.—(Adv.)

Mrs. Holmes Bible class will meet Friday afternoon with Mrs. Jabez Winship at her home, 510 North Morgan street.

The regular weekly meeting of the Young Ladies Sewing Circle will be held with the Misses Geraghty at their home in West Second street, Thursday evening. A good attendance is requested.

Mrs. Ben Humes entertained the members of the Thursday Afternoon Bridge club this afternoon at the home of Mr. and Mrs. Elmer Humes corner of Harrison and Seventh street. Refreshments were served after an afternoon spent at cards.

The Pythian Sisters are requested to be present at their hall tonight as Mrs. Ida Winsor, D. D. G. C., of Batesville, will give some facts concerning the convention which will be held here April 6. Refreshments will be served following the order of business.

The Woman's Foreign Missionary society of St. Paul's M. E. church will hold a thank offering service at the home of Mrs. D. C. Compton, 314 West Third street, Thursday afternoon at 2:30 o'clock. All ladies of the church are cordially invited to attend.

The C. W. B. M. of the Little Flatrock Christian church will hold an all day meeting Thursday at the home of Mrs. W. A. Norris, southeast of Rushville. A pitch-in dinner will be served at noon, and the regular program will be carried out in the afternoon. All of the members are urged to take their needles and thread to hem towels for the new church in the afternoon.

Miss Nora F. Ball, daughter of Mr. and Mrs. E. A. Ball, and Carlos E. Higgs, son of Mrs. Mollie Higgs, were married yesterday afternoon at three o'clock by the Rev. J. T. Aikin at the First United Presbyterian church parsonage. Mr. and Mrs. Higgs will make their home in Connerville, where Mr. Higgs is employed in a factory. The bride was formerly an employee at the Rushville glove factory and the bridegroom served for a year and a half in France with the 10th French Army Corps.

Announcement has been received here of the engagement of George Paul Guffin of Gary, Ind., son of Mrs. George Guffin, 721 North Perkins street, and Miss Annabel Highman of Mount Vernon, Ind. Regarding the announcement, the Gary Tribune says:

Miss Highman is the daughter of Mr. and Mrs. Edward E. Highman, and one of the most prominent girls of Mount Vernon. She is a graduate of Indiana university, and as a member of the Delta Gamma sorority, has been active socially not only in Mount Vernon, but in outside circles as well. It was during the numerous visits of Miss Highman at the home of Mr. and Mrs. Ralph Missman here, that the young people became acquainted.

Mr. Guffin came here in the early days of Gary and is a member of the well known real estate firm of Guffin & Mauzy. He is a graduate of the University of Michigan, and has been an active member of the University club since its organization here.

The wedding will take place in the late spring.

## DISTRICT EDUCATORS TO MEET NEXT MONTH

Association Which Was Organized Here a Few Years Ago Will Gather at Shelbyville

J. H. SCHOLL IS AN OFFICER

The Sixth District Educational Association will be held this year at Shelbyville, April 2 and 3. The meeting will begin on the evening of April 2, at which time Dr. David H. Edwards, president of Earlham College, will give an inspirational address.

On Saturday, April 3 there will be a series of conferences upon live educational topics and several general meetings which will make the meeting very valuable to teachers. Miss Morrow of Cincinnati, will give an address and demonstration on the subject of reading and language in the primary grades. State Supt. Hines and a member of the Indiana state board of health will take part in a general session devoted to health and hygiene. Reports from cities making progress in health campaigns will be given.

Supt. J. W. Holton of Shelbyville is president of the association; C. O. Williams, superintendent of Wayne county, is secretary-treasurer; and Supt. J. H. Scholl of Rushville, is chairman of the executive committee.

The sixth district association was organized here a few years ago and since that time district organizations of educators have sprung up all over the state.

## No More Fence Fixing

Farm owners can now save all money and time spent in replacing fence posts and fixing fencing due to posts that rot, split and peel. Long-Bell Creosoted Yellow Pine Posts will last you a lifetime. They are selected from slow growth trees straight and sound. Air dried and yard seasoned. U. S. Government tests prove that Creosoted Yellow Pine will last 40 years or more.

## CREOSOTED PINE POSTS

solve all fence problems because they are decay-proof and treble the life of fencing. Staples driven into these posts are to stay. Don't use ordinary posts—you lose one each year. See us about Long-Bell Creosoted Yellow Pine Posts. Cost practically the same as ordinary posts. Insist on the L-B Trade Brand on the end of each post. It's your assurance of permanent post satisfaction and treatment with distilled creosote.

# Directions for BREAKING COLDS, LAGRIPE AND TONSILITIS From 30 YEARS' EXPERIENCE

**Colds:** Take 20 drops, or one-third teaspoonful of Hull's Superlative Compound in about one ounce of water four times per day, at meal time and bed time. Keep this up for a day or two until cold is thoroughly loosened up, then drop down to regular dose of from 7 to 10 drops three times a day. Continue to use until health and strength are restored.

**LaGrippe:** As soon as chills and fever come on, go to bed, cover up warm, in a warm room with fresh air. Take 20 drops, or one-third teaspoonful of Hull's Superlative Compound every two hours for 4 or 5 doses. I always follow two hours after last dose with castor oil or salt. These heavy doses close together starts healthy circulation and action of the organs and glands of the digestive tract, the patient will go into a sweat, remain covered until perfectly dry. Fever usually breaks in from 9 to 18 hours; continue the use of regular doses of from 7 to 10 drops until good health is restored.

**Tonsillitis:** As soon as fever and sore tonsils starts take 20 drops or one-third teaspoonful of Hull's Superlative Compound in water, four times per day at meal time and bed time for two days. It takes 36 hours to break tonsillitis, then drop down to the regular dose of from 7 to 10 drops until thoroughly well.

**Directions for Children:** Use lighter doses as per directions on the bottle. With these acute troubles I always give my children a dose of castor oil to thoroughly clean out the bowels then follow with Hull's Superlative Compound.

I have always had the finest results by using Hull's Superlative Compound in my family for 30 years. I find the best time to break Colds, LaGrippe and Tonsillitis is when they start. Don't delay, but keep a bottle of Hull's Superlative Compound in the home. Use as soon as necessary.

Hull's Superlative Compound is a safe remedy to take for children and adults. Purely vegetable, contains Peruvian Bark or Conchona quinine is only an alkaloid of that bark. Golden Seal, nature's vegetable anti-septic, Juniper berries which made gin so famous as a kidney stimulant and cleanser and other ingredients that act on the liver and digestive organs. Hull's Superlative Compound is a wonderful blood and nerve builder.

We have great pleasure in recommending Hull's Superlative on account of good results in our own home for 30 years and same reported from thousands of other homes.

# CHAMPIONSHIP IS SETTLED EASILY

Rushville Walks Away From Moscow Independents in Game Here Tuesday Night

SCORE FOUR IN FIRST HALF

Visitors Are Unable to Locate Goal Until Last Period When They Make 14 Points

It didn't take the Rushville Independents very long last night to make it plain who the champions of Rush county were in the independent basketball class, when the Moscow team went home with the short end of a 40 to 18 score.

At no period in the game was the winner in doubt, as Rushville caged a goal soon after the beginning of play and continued to make points almost at their own leisure.

Moscow came here with a big reputation for playing fast ball in the state tournament last week, and a better game was expected to be seen.

Soon after the game started Keating, for Rushville, made the first point, and before this half had finished, he had made five field goals. In the meantime, Martin, the lengthy center, had located the basket, and made good four of his shots.

The Rushville team was good on team work, and had no difficulty in taking the ball down the floor, and with quick passes, would put the ball through the hoop.

Moscow was unable to do much in the first half, and didn't have the ball in their possession much of the time. Gosnell and Tillison, for the visitors, each made a field goal in this period, and when the first half ended Rushville piled up 24 points and Moscow had only 4.

In the second half, Rushville toyed with the visitors, and allowed them to get the ball more than they did in the first half. Rushville players would bring the ball down the floor and rather than make points, would keep it passing from player to player.

The game in the last half became a farce as neither side exerted much effort to play basketball. Moscow in this frame piled up the remaining 14 points of their score, making good on two fouls called on the Rushville team.

Moscow made four fouls in the

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

# LEAGUE OF NATIONS TO HAVE NEW BURDEN

Council of Premiers Has Decided to Turn Task of Armenian Government to New League

WILL BE THIRD PROBLEM

London, Mar. 3—A third important burden soon is to be placed upon the shoulders of the infant league of nations, according to authoritative information today.

The council of premiers, it was said, has decided to turn over to the league the task of taking over the government of the new Armenian nation.

The decision will be announced simultaneously with the completion of the treaty of peace with Turkey.

The league proponents are displeased with the council's attitude toward their baby organization.

The league, it is said, is still young and was being burdened with tasks which might overwhelm an experienced organization.

Some league backers have indicated they believe that the plan intends deliberately to bury the society of nations before it becomes an effective machine.

League enthusiasts were particularly dissatisfied with the council's decision to assign to the society through the labor bureau the task of reporting on conditions in Russia. This mission they say is "filled with dynamite."

Whenever I felt melancholy, or had blinding dizzy spells or hot flashes, I would take the ‘Prescription’ for a few days and it never failed to give me just the necessary relief. I also used the ‘Healing Suppositories’ at this time and think they are splendid. About twelve years ago I wrote to the Faculty at the Invalids’ Hotel, Buffalo, N. I took several bottles and have always been very glad that I did because it certainly did all that I wanted it to.”—MRS. RILEY GRAY, 920 N. Webster St., Bluffton, Ind.

“Dr. Pierce’s Favorite Prescription and his Golden Medical Discovery proved wonderfully beneficial to me about eighteen years ago. For months before I started to take these medicines I was in very miserable condition. For about eight weeks I had hemorrhages. I doctored with two doctors who did not seem to understand the nature of my trouble and they talked to me about an examination. I took three bottles of each, but the very first bottle stopped the hemorrhages and then I commenced to gain in every way.”—MRS. JOHN VERNON, 215 E. Wiley Av.

**“Five Nights” at Mystic**

“Five Nights,” a powerful photoplay based on “Life’s Shop Window,” is the offering at the Mystic theater today. It is reputed to be a feature picture out of the ordinary.

Tomorrow’s program will consist of the ninth episode of “The Great Radium Mystery,” entitled “The Roaring Volcano,” and a western picture, “The Best Bad Man,” in which Pat Morrison and Magda Lane are starred. There will also be a Star comedy, “The Sweet Dry and Dry,” in which Eddie Lyons and Lee Moran have the leading parts.

**Owen Moore at Princess**

There are as many types of comedians as there are ways of cooking eggs. There name is Legion. From the English music hall type, whose trade mark is a red nose and a pair of baggy trousers, all the way through the list which includes circus clowns, slap-stick artists, exaggerated character types etc., until we reach the top—those aristocrats of comedy, the light comedians. Prominent among these is found Owen Moore who is scheduled to appear as the star in the latest Selznick Picture, “Sooner or Later,” which comes to the Princess tonight.

Mr. Moore, who needs no introduction to the American public, is of the very highest type of comedy players. A veritable Beau Brummel in sartorial effects, he secures his laughs by methods which are the delight of the spectator and the despair of his imitators. In “Sooner or Later” Owen Moore is surrounded by an exceptionally fine cast with Seena Owen as leading lady.

The story by Leis Alan Browne, deals with the adventures that befall Patrick Murphy when he tries to help out his friend Robert Ellis, whose new bride has left him. Like all well-intentioned folks, Patrick stirs up a veritable hornet’s nest when he mixes in with this domestic tangle and in the end, like all innocent bystanders, he is the target for shots not originally intended for him. Of course there is a girl in the case whom, he annexes for his own thus being repaid for all the uncomfortable but amusing experiences he has been through.

**Why Breathe Through the Nose?**

Reasons for breathing through the nose instead of the mouth are: (1) to warm the air; (2) to moisten the air; (3) to remove the dust and germs; (4) to produce more suction in the chest, which helps draw blood into the lungs as well as air, thus helping the heart and more easily attaining second wind.

A Hupmobile driver actually approaches a “tight place,” or a piece of “tough going,” with something akin to joy.

One of the first things he learned about The Comfort Car was that he could rely implicitly on the tremendous reserve power which literally floods forth for an instant getaway; a remarkably smooth, swift pick-up; or a dogged high-gear pull.

Such performance might be called extraordinary, even in costlier cars. It is a regular thing with the Hupmobile. Which helps to explain the deep-rooted loyalty of our owners.

CHILD CRIME SHOWN TO BE ON INCREASE

One Hundred Thousand School Children in Vienna are Underfed and Diseased

FOOD SHORTAGE IS CAUSE

(By United Press.)

Vienna, Feb. 10. (By Mail)—One hundred thousand school children in Vienna are underfed and diseased as a result of food shortage, lack of fuel, and inadequate hospital facilities, according to a survey recently made here by the American Red Cross.

Crime among the child population is on the increase, hunger sometimes driving little boys to ghastly attempts at murder. The juvenile court is being overwhelmed with the daily addition of fresh cases of child criminality.

Nine cars of milk have been set aside for the feeding of hungry children and the distribution has already begun.

Business activity in Vienna has almost ceased. Ring streets near the Opera are deserted, as compared with their appearance during the war or even during the early months after the armistice.

Advertising in the newspapers by business houses has dwindled down to insignificant proportions. To take one instance, Vienna’s leading paper recently carried only one advertisement.

ASKS INCREASE IN RATES

Raleigh Telephone Company Petitions Public Service Commission

The Raleigh Telephone company, which is owned by Frank Lindsey, has petitioned the state public service commission for permission to increase rates the new rates to be effective July 1. The company has 137 phones directly connected with the Raleigh exchange and the patrons have access to four other exchanges, which gives service to about 1,200 phones.

The rates at present range from \$5 to \$10 a year, and the petition requests an increase for all classes of service, which would make the range in rates from \$9 to \$15 a year. An increase from \$3 to \$6 a year is also asked for service given 26 subscribers who “take” the Mays system.

The Ostrich hides his head in the sand. He imagines he is concealed. He can’t avoid dangers or see a chance for escape.

Keep your head out of feeding sands. Don’t shackle your eyes and stop up your ears to feeding dangers. For instance, whereas the ostriches’ digestive powers are all embracing—goat-like—that of the hog is limited to delicate digestive organs together with a small stomach.

Don’t Ostrichize, but Ostracize your non-balanced ration methods. These feeds function:—FAT BACK HOG FEED, BUTTER FAT DAIRY FEED, GOLDEN GRAIN CATTLE FATTENER, G. G. HORSE AND MULE FEED and G. G. CHICKEN FEEDS. All of ‘em are cheaply priced—that’s our long suit.

OBITUARY

Jossie Dillon Newhouse

As the shadows of evening were falling the shadow of Death entered the home of Oscar E. Newhouse and fell upon Jossie Dillon Newhouse, the wife and mother, of the home.

Jossie was the second child of Robbin and Adda Brooks and was born July 2, 1887. She died Feb. 27, 1920. She was 32 years, 8 months and 25 days.

Nov. 1, 1905 she was married to Oscar E. Newhouse and to them was born one son, Roscoe Everette, on whom was lavished a mother's lov- ing care.

In 1907, during a revival service directed by Rev. S. M. Hawthorne, Jossie confessed her faith in Christ, and during the remainder of her life she was an active and consistent Christian affiliated with the Center Christian church.

Her cheerful disposition and her optimistic view of life, made her a loving wife and mother, a dutiful daughter, and a congenial sister and companion.

There remains to mourn her de- parture, the husband and son both parents, one sister, two brothers and a host of friends.

While our hearts are heavy be- cause of her passing, we are com- forted by the assurance that her life has begun anew in a world where death never enters and sorrows are unknown, for our God, whose will is supreme is the Ruler thereof. 302tf1

OBITUARY

The Death Angel visited our home Wednesday evening, Feb. 11, and took from our midst our beloved daughter after an illness of eleven months and three weeks. She bore her suffering well and never com- plained unless it was necessary. She was widely known and was loved by every one who knew her. She was honest and good and was always ready to help at any time that was needed.

She was a kind wife and a faith- ful mother. She will be sadly miss- ed at home, by her friends and neighbors, as she was a woman who loved her home.

Leatha May McIntyre was born Dec. 23, 1889 and passed away to the great beyond on Feb. 11, 1920 at the age of 31 years, 1 month and 19 days. She was married to Mr. Clay "Study" McIntyre Nov. 24, 1908. To them was born two daughters Helen and Clarebele. She is survived by her husband, two children, four brothers and five sisters. Her death comes as a great shock to many of her friends and neighbors.

Gone But Not Forgotten.

A precious one from us is gone, The voice we loved is still — A vacant place within our home. That never can be filled.

Those darling hands that tried so hard, Was folded on her breast and Je- sus took her home, Where there's no toil but rest Farewell our dear and loved one We hope to meet some day And there will be no sorrow. But our tears will all be wiped away.

PETITION TO INCREASE ITS RATES

State of Indiana, County of Rush, ss. Before me, the Public Service Commission of Indiana.

In Re, Raleigh Telephone Company.

Petition to Increase Its Rates.

Your petitioner, Raleigh Telephone Company, respectfully shows to your Commission that it is not a corporation, but a private owned utility owned in- dividually by Frank Lindsay of Fal- mouth, Indiana, Rural Route No. 1, and is operating under the laws of the State of Indiana, and as such a Utility owns and operates the local telephone ex- change in the village of Raleigh, Rush County, Indiana. Postoffice, Mays, Indi- ana. (Raleigh, Rush County, Indiana, is not an incorporated town.)

The above petitioner renders telephone service to the citizens of said village and to numerous farmers, country storekeepers and others in the neigh- borhood of said village, through a me- dium of the telephone exchange in said village, which is in the largest part a switching exchange, the Com- pany owning the switchboard and all other apparatus and equipment, and ex- tending also the underground cables, cable terminals, cable poles and three prin- cipal pole lines and all fixtures thereon and several aerial party lines and tele- phones.

The underground cables, cable terminals, cable poles and three principal pole lines and all fixtures thereon and sev- eral aerial party lines and telephones, owned by the company are all new, having been replaced the latter part of the year of 1919, and some ad- ditional improvements are now being completed in the spring of this year, 1920.

That all of said subscribers of this exchange have free access to four- to- twelve local exchanges in addition to 127 telephones directly connected with the exchange of the petitioner, giving in all service to about 1,200 telephones at the present rates.

That the revenue derived from said plant has not been for the past year and is not now sufficient to pay a fair return upon the capital invested and to keep the plant in proper repair and purchase the necessary renewal of equip- ment made necessary by depletion.

That if all the rates as specified un- der the title of "Raleigh Exchange" Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995

## PARIS THEATERS TO CLOSE DOORS

Excessive War Tax Placed on Theaters Will Drive Many to Shut Their Houses

ARE TAKING UP DANCING NOW

War Tax Increased to 35 Per Cent of Proceeds and Houses Look For Other Support Means

(By United Press.)  
Paris, Feb. 15. (By Mail)—Paris is threatening to become the Theatreless City.

By way of recompense, however, she plans to take on the added dignity and glory of the world's dancing center.

This is due to two reasons; first the new war taxes which affect the receipts of all theatres and amusement places; and secondly the present Parisian vogue of dancing.

In an effort to pay off her war indebtedness, France has just clapped a bunch of new taxes on the theatres, music halls and movies. Coupled with the taxes they were already paying, the theatre directors at last declare that they are already permanently out of business.

To keep from starving, however, they will turn their theatres into dancing establishments with the dansants and with balls in the evening.

Taxes now imposed on theatres, especially of the revue type with which Paris abounds now total 35 per cent of their gross receipts. They are divided up as follows: 10 per cent for the poor which has been a tax long established at Paris; 10 percent royalty to the authors and then the new war tax of 15 per cent.

The cost of all sorts of productions whether purely dramatic or costume shows has naturally augmented along with everything else. While the Paris chorus girls have tried mightily hard to help out the producers in reducing the cost of production by giving up silk stockings and going bare-legged, to say nothing of reducing all the rest of their dresses to the most diminutive proportions, the entire saving has failed to be sufficiently large to save the situation.

The increased cost of scenery, increases in salary, etc., exceed many

## "Others Can't Realize How It Helps Health"

Must Try Vola-Tonic to Understand Says Woman Whom It Helped.

"I do not hesitate to recommend Vola-Tonic because I know what it will do," said Mrs. Flora Bailey, 327 West Court street, Cincinnati, O.

"I doubt if people can fully realize how much this medicine helps a person until they try it themselves," Mrs. Bailey continued.

"My stomach was in very bad condition and I was troubled with indigestion and constipation. I didn't have much appetite and didn't eat a great deal, but just the little I ate caused me to suffer afterward with indigestion. The constipation was so bad that I had severe headaches often. I always felt tired and worn out in mornings, too. My sleep didn't seem to do me a bit of good.

"All this trouble is gone since I have been taking Vola-Tonic and I am in normal condition again. My appetite has improved and my food digests properly now. The constipation has left me, too, and those severe headaches I used to have are gone. When I get up in mornings I feel refreshed and energetic and ready for my work.

"I know people can't realize how much better I feel until they take Vola-Tonic themselves."

If you are feeling weak and run down get Vola-Tonic.

many times the money saved by the chorus and even the prima donna going bar-legged.

The managers declare that the present total of 35 per cent of their receipts renders absolutely impossible any production unless one were assured in advance that the thing produced would have an unusually long run. And this they cannot afford to risk.

As a consequence they announce their intention hereafter of catering merely to the dancing craze until some other means has been found of paying off the war debt.

The movies are taxed on a somewhat different basis. In addition to their 10 per cent for the poor and a few other odds and ends of taxes their new war tax consists of 25 per cent on all monthly receipts between 25,000 and 50,000 francs. On receipts up to 100,000 francs they will pay 20 percent and over that 25 per cent.

As they profess never to take in over 50,000 francs a month they are not kicking about the latter percentages but merely about the former.

The only theaters that seem to have a fair chance of escaping the dance hall fate are the National Grand Opera, the Comic Opera, the French Comedy and the Odeon, all of which are subsidized by the state.

## LIQUOR BILL WAS SIGNED

Gov. Edwards of New Jersey Acts on 31-Percent Measure

(By United Press.)  
Trenton, New Jersey, Mar. 3—Governor Edwards yesterday afternoon signed the bill passed by the legislature to allow the manufacture and sale of beverages containing 31 percent of alcohol.

This does not become operative, however, until the expiration of a year from the date of signing.

## PREDICTS NON-STOP FLIGHT, 4,340 MILES

This is Conclusion Which Has Just Been Presented to French Academy of Sciences

CALCULATED BY RATAUD.

By HENRY WOOD  
(U. P. Staff Correspondent.)

Paris, Feb. 20 (By Mail)—Aviation has now been developed to a point where an airplane, theoretically at least can fly for 6,950 kilometers (4,340 miles) without stopping.

This is the conclusion which has just been presented to the French Academy of Sciences by Monsieur Rataud, one of the best qualified French scientists on the subject. Rataud's report shows the possibilities of the airplane of today as calculated from the standpoint of algebra, engineering and every science that enters into aviation. While the conclusions reached by Rataud exceed in each instance what the airplane has accomplished to date, yet they are mathematically, and scientifically correct as to what today's airplane is capable of doing.

As regards distance Rataud has demonstrated that flying at an altitude of 8,262 meters with a double reserve of gasoline the airplane of today is capable of a continuous flight of 6,950 kilometers. As a matter of fact, of course, the longest non stop flight to date is 3,500 kilometers. Rataud's calculations imply that no accident or other deterring element enters into the flight.
